

MOSQUE CASCADEPARK

2009 - 2018

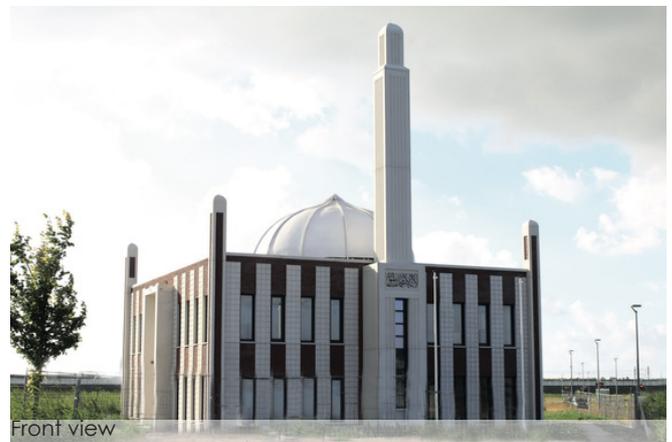

MOSQUE CASCADEPARK

Project code: ZL-003
Project name: Mosque Cascadepark
Location: Almere, The Netherlands
Gross area: 640 m² | Plot 1675 m²
Period: 2009-2018
Budget: € 1.500.000,-
Status: Completed

In cooperation with the municipality of Almere and the Dutch Ahmadiyya Muslim Djamaat, the initiative has been taken to build a new mosque for the local Ahmadiyya Community.

The mosque's design combines the common Dutch brick architecture with elements of Islamic origin. The smooth white concrete minarets and dome contrast the rough dark red brick. The façade is a unison of two contrasts.

The interior has a deliberate simple and straightforward layout and design. The ground floor is used for secondary functions (office, kitchen, meeting hall) and the second floor is primarily the prayer hall.
